

FoodPhoto Academy

The Business Kit

Packages, pricing, briefs, outreach and your first 30 days.

BEFORE YOU START

A real career, built honestly

This kit gives you templates, not promises. Results depend on your market, your work and your consistency. There are no income guarantees.

- ☐ Always improve the photo, never change the food
- ☐ Follow each platform's rules for food photos
- ☐ Get written permission before using client work in your portfolio
- ☐ Be transparent that you use AI tools
- ☐ Never create fake reviews, testimonials or customer photos
